

The Voice of UK Airlines

Why not join BATA as an Associate Member?

Since May 2011, BATA has offered an additional category of membership. Eligibility is restricted to non-airline organisations such as manufacturers, suppliers, aviation law firms etc. The following benefits are offered:

- Unrivalled access to a network of senior UK airline representatives.
- Receipt of the monthly BATA e-newsletter sent to all members with the opportunity to contribute short articles and/or advertisements.
- Free participation in periodic (currently three per year) early evening seminars hosted by leading aviation lawyers Gates & Partners in their City of London offices. We also arrange one or more parliamentary receptions per year. These events are exclusively for BATA members and associates, and other invited guests, on topical issues impacting the airline industry.
- Priority booking and discount for the BATA Annual Dinner held in January each year with the opportunity to exhibit marketing material.
- Opportunity to contribute to/participate in ad hoc groups set up to address specific issues requiring BATA response eg to a particular consultation where printed material might be produced that may also be sponsored by the associate member.
- Opportunity to work on other longer term projects and issues with the possibility of BATA endorsement eg an annual aviation related conference.
- Access through the formal consultative processes to government, regulators and other policy makers responsible for the framework within which our industry operates eg a Parliamentary reception sponsored by an associate member.
- Discounted rate for use of large Westminster based meeting room on a pre-booked basis.

Annual fee for associate membership

£500 + VAT = £600

For further information, please contact

Simon Buck, Chief Executive of BATA on 020 7222 9494 or buck@bata.uk.com
